Microgard Ltd.

EC Directive 89/686/EEC

EC Type-examination

Issue 9.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the requirements of the relevant harmonized standards:
EN ISO 13982-1:2004 + A1:2010 (Type 5 Limited life, full body chemical protective clothing against solid particulates);
EN 13034:2005 + A1:2009 (Type 6 Limited life, full body limited chemical protective clothing against liquids;
EN 14126:2003 (Type 5-B, 6-B Limited life, full body protective clothing against infective agents.
EN 1149-5:2008 (Protective clothing - Electrostatic properties) for electrostatic dissipative protective clothing with a charge decay, half decay time, $t_{50} < 4$ s.
Additionally with one exception the PPE satisfied the requirements for EN 1073-2:2002 (Non-ventilated protective clothing against particulate radioactive contamination) for a performance classification of TIL Class 2. The exception is that clause 4.2 requires the minimum puncture resistance of level 2, but the fabric used has a puncture resistance classification of level 1.
Plus DIN 32781:2010 (Protective suits against pesticides) for limited life garments with a water vapour resistance classification of Class 3.

The manufacturer's information notices (MICROGARD 2000 Standard, Version 16.05.12 & MICROGARD Protective suits against pesticides, Version 3.8.11 & MICROGARD Light Blue Bag, version 08.3.12), in English, have been inspected and found to have addressed all of the relevant requirements of the standards. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive are implemented and maintained while the model is in production.

Certification is based on technical file reference: M2000 Standard, Issue 17
