Module B, EU type-examination

Issue 2

PPE Product
AlphaTec® 2300 PLUS hooded coverall models 132 & 132P.
AlphaTec® 2300 PLUS formerly known as MICROGARD® 2300 PLUS.
Manufactured from a yellow polyethylene coated nonwoven, with stitched and over-taped seams. Each model features a 3-piece hood, a double-slider zipper covered by a self-adhesive flap, is elasticated at the face, waist (back), wrists, & ankles and has elasticated thumb loops. Model 132P has a plastic zipper. Available in 8 nominal sizes.
Product codes: YY23-T-"-132-** & YY23-T-"-132P-**.
Where "·" is the packaging type & "**" is the garment size code number.

UKAS PRODUCT CERTIFICATION 0005

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to meet the applicable Essential Health and Safety Requirements in Annex II of Regulation (EU) 2016/425 Personal Protective Equipment
The following have been applied:
EN 14605:2005 + A1:2009 (Types 3 & 4: Limited life, full-body protective clothing against liquid chemicals with liquid-tight & spray-tight connections);
EN ISO 13982-1:2004 + A1:2010 (Type 5: Limited life, full-body protective clothing against airborne solid particulates);
EN 14126:2003 (Types 3-B, 4-B & 5-B: Limited life, full-body protection against infective agents);
EN 1149-5:2008 (Protective clothing - Electrostatic properties for electrostatic dissipative protective clothing with a half decay time, t_{50} < 4 seconds).

Additionally, with one exception, the PPE satisfied the requirements of EN 1073-2:2002 (Non-ventilated protective clothing against particulate radioactive contamination) with a performance classification of TIL Class 2. The exception is that clause 4.2 requires testing of ignition resistance, but the fabric used has not been tested.

Ansell Microgard Limited.

Regulation (EU) 2016/425

Module B, EU type-examination

Issue 2

PPE Product

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 19 (c) of the Regulation are implemented and maintained while the model is in production.

Certification is based on technical file reference:SB2300TA Issue 01.

SGS Reference Number UK/CRS 238334.

[1] The validity of this certificate may have to be reviewed in the light of new or amended harmonised standards

This certificate remains the property of SGS United Kingdom Ltd to whom it must be returned on request.
