Microgard Ltd.

EC Directive 89/686/EEC

EC Type-examination

Issue 16.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the requirements in the relevant harmonized standards:

N 1073-2:2002 (Non-ventilated protective clothing against particulate radioactive contamination) for a performance classification of TIL Class 1;
EN 14605:2005 + A1:2009 for Type 3 & 4 (Limited life, full body chemical protective clothing with liquid-tight & spray-tight connections);
EN ISO 13982-1:2004 + A1:2010 (Type 5: Limited life, full body protection against airborne solid particulates);
EN 14126:2003 (Types 3-B, 4-B & 5-B: Limited life, full body protection against infective agents).
EN 1149-5:2008 (Protective clothing - Electrostatic properties) for electrostatic dissipative protective clothing with a charge decay, half decay time, t 50 < 4 s.

The manufacturer's information notices [(for styles a to g, k & l) MICROCHEM® 4000 Models 103, 111, 121, 121-G03, 122, 125, 132, 151, 151-G02, 166 & 167, version 22.05.12 and (for styles h to j) MICROCHEM® 4000 Models, 164-G04, 164-G05 & 165-G04, version 22.05.12], in English, have been inspected and found to have addressed all of the relevant requirements of the standards. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

Certification is based on technical file: M4000, Issue 13
