Ansell Microgard Ltd

Regulation (EU) 2016/425

Module B, EU type-examination

Issue 4

PPE Product

AlphaTec® 1500 Hooded coverall series.
AlphaTec® 1500 formerly known as MICROGARD® 1500.
Manufactured from SMS nonwoven fabric, available in red, navy blue, white, and orange. Models and nominal sizes are listed in Annex 1.
It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to meet the applicable Essential Health and Safety Requirements in Annex II of Regulation (EU) 2016/425 Personal Protective Equipment
The following have been applied:
EN ISO 13982-1:2004 + A1:2010 (Type 5: Limited life, full-body protective clothing against airborne solid particulates);
EN 13034:2005 + A1:2009 (Type 6: Limited life, full-body protective clothing offering limited protection against liquid chemicals).
Additionally, with two exceptions, the PPE satisfied the requirements of EN 1073-2:2002 (Non-ventilated protective clothing against particulate radioactive contamination) with a performance classification of TIL Class 1.
The exceptions are that clause 4.2 requires testing of ignition resistance and a minimum puncture resistance of Class 2, but the fabrics have not been tested for ignition resistance and achieve a puncture resistance of Class 1.
This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 19 (c) of the Regulation are implemented and maintained while the model is in production

Certification is based on technical file reference:SB15A Issue 03 19/03/2019.
SGS Reference Number UK/CRS 239289.

1 The validity of this certificate may have to be reviewed in the light of new or amended harmonised standards.

This certificate remains the property of SGS Fimko Oy to whom it must be returned on request.
