It's Garbage if you're looking for great storyline but if you want to enjoy pure erotic romance yes it is a consummate time pass for you.

I... I... I don't know what to say... the ending... wow... even though the movie mostly were in a different language I absolutely loved it! It was exciting, funny and extremely hot! I just can't get over the ending... my emotions are running wild.

This movie deserves a watch definitely. Really enjoyed this film! Good story, great sizzling chemistry between the lead actors. Fantastic soundtrack and beautiful locations. This film has really put Fifty Shades to shame. Can't wait for the next film and the books to hopefully be translated in English.

Interesting obsession story, good acting, rich production, super hot actress, what else do you need. Ending is a bit sad though. Not the best movie, but I'll give kudos to its eroticism. Actor was good. Overall a great erotica movie. The lead male and female characters have amazing chemistry and sex appeal. The acting, camera work, and scenery all add to the movie. If you like the tall, dark, arrogant, dominant, bad boy" type you will be mesmerized by the Michele Morrone. Sure, the plot in these most erotica is unrealistic but if you can get past that and appreciate it as pure fantasy then you will enjoy this movie.
