

TEMPERATURE
REGULATING

COMFORT

DURABLE

E-PADA 2260

CHARACTERISTICS

- Quality: 60% recycled wool/38% recycled polyamide/2% elastane
- Strong, durable thermal sock that can be worn all year round
- Special zones provide protection for the heel and toe
- Thanks to the excellent moisture regulation, the feet remain pleasantly dry
- Thanks to the wool, the socks are not only odorless, but also temperature-regulating
- Not lined at the instep, which makes it even more comfortable
- Ergonomic insulating sock that keeps the feet pleasantly warm
- Comfortable extra-elastic cuff that does not pinch and stays in place

Article number: 5.52.260.00
