

PRODUCT SPECIFICATION

Product: SALVEQUICK FABRIC (TEXTILE)
PLASTER (ADHESIVE BANDAGE)
Reference code: 6444

1. General description

Adhesive bandages of two sizes, medium and senior, packed in a cardboard refill.
The refill fits into the Cederroth (Salvequick) dispenser for adhesive bandages.

The adhesive bandage consists of a fabric backing, evenly spread with an adhesive coating. An absorbent pad is fixed centrally to the dressing. The adhesive is covered with a release-coated foil that consists of two parts partly overlapping each other. When the adhesive bandage is taken out from the package, the release-coated plastic foil remains behind. One half of the dressing can now be applied on the skin using one hand only. The rest of the coated paper can then be removed and the adhesive bandage is ready for use.

2. Intended use

The adhesive bandages are intended to be used as a mechanical barrier and for absorption of exudates from minor wounds.

3. Technical description

Product dimensions

Medium	Adhesive bandage:	72x19 mm
	Wound pad:	24x12 mm
Senior	Adhesive bandage:	72x25 mm
	Wound pad:	24x17 mm
