A Beautiful Day In the Neighbourhood wasn't that bad. It has a great supporting performance by Tom Hanks as Mr. Rogers who keeps this movie afloat. However, what brings it down is that it should have focused more on Mr. Rogers than the journalist, who is the lead character in the movie. He is a boring, uninteresting character and I did not care about him at all. I really like the show The Americans and the journalist character is played by Matthew Rhys who is wonderful in that show but his character is just not written that well and is not compelling enough to keep my interest all the way through the movie. The documentary on Mr. Rogers is way better and people can learn more about Mr. Rogers' fascinating life from it. A beautiful day in the neighborhood (2019) movie online

## A beautiful day in the neighborhood (2019) movie online full hd free movie hobbit 1

A beautiful day in the neighborhood (2019) movie online full hd free download. Such a fuzzy feel-good heartwarming film, like putting on Mr. Rogers' big red sweater. The screenplay is incredibly well written in its approach and Tom Hanks is absolutely perfect as his sixth cousin.

Unfortunately by the second half of the film, the sweater unravels into formulaic melodrama so structured that you realize you already knew the beats of the film from the very first scene. It avoids going full Ron Howard and keeps a small-world feel, but it never really achieves legitimate poignancy outside of the one-on-one scenes with Hanks.

A Beautiful Day in the Neighborhood humanizes a saintly hero into an ordinary humble man to help us realize just how capable we all are of the simple kindness Mister Rogers exemplifies. A family film worth watching for the golden moments, the nifty score, and a tender performance from Tom Hanks. Go see it with a friend in need of inspiration and a cup of peppermint hot chocolate.
