Watch Vers les Ãtoiles 2019 Movie Online Full. I was hoping I would like this a lot more than I did. Brad Pitt is my favorite actor and I love anything to do with space so as soon as I seen the trailer my expectations was through the roof.

I liked it but didn't love it, it had moments that I thought was visually stunning but I felt like it was a little too slow for me to fall in love with it.

I was hoping it would be more like Gravity but had the slow pace of Interstellar.

Watch Vers les Ãtoiles 2019 Movie Online Full HD free download. Brad Pitt cant act. Period.

This film plods on for 2+ hours with major lulls in the minor action and really noting happens. The who concept of he being picked for this mission because he is the only one the father will see is moronic in that the dad tells him he never even cared for him.

And then there is the phony sub story about everyone trying to stop the mission even tho it was started y the government.

There is NOTHING to recommend about this movie except that it will put you to sleep.
