

Vacation Rental Critical Inventory Checklist

So Nice to Meet You

I'm Audra, and for the past 20 years I have been helping people who have a passion for design create amazingly successful staging and design businesses doing what they love.

I absolutely love what I do and the pure joy I receive when I see people follow their true gift of design to create a business that gives them freedom, allows them to help people and well... make great money along the way.

If you are one of those people who have a passion for design or a stager and designer looking into Airbnb design, then at the end of this guide I have a free video training gift for you. ❤️❤️

As a staging and design trainer, as well as a vacation rental owner I see a huge opportunity for designers in the vacation rental design niche and that's why I created my Vacation Rental Design Expert Certification training course.

Audra Slinkey - Creator of the Home Staging Resource
