Avengers endgame final scene. Avengers endgame trailer reaction mashup. I am a big marvel fan. When I saw infinity war's ending I was immediately excited for this movie. This was easily my most anticipated movie of the year and probable of all time. When tickets went on sale I got some for the midnight premiere immediately. And somehow despite my high expectations this movie destroyed them and created an even better movie than I could have imagined.

I loved every second of this movie. Even the first act where most people have complaints I loved. The second act is better than the first but man that final act is just a masterpiece. Every cast member from beginning to end is amazing with Robert Downey Jr and Chris Evans being standouts. And that's not easy since I think everyone gave their best performance here and are all able to draw emotions from you. Now some director's choices will not suit everyone. In fact how the Avengers deal with the events of Infinity War isn't gonna go well for everyone. But I for one loved it. Lead to a few cheer moments. But if you wanna talk about cheer moments man that final act. No spoilers but I wanted cheer at many moments. Two moments I nearly jumped out of my seat. But while it's mostly laughs and smiles when this movie wants you to feel man it'll make you feel. If you've been a long time fan (you've probably already seen it but anyway) you will choke up I know I did and I feel no shame admitting it.

If you want max enjoyment out of this film. Watch the rest of the movies. I know it sounds demanding but it's worth it. Cause you'll understand meaning behind stuff. I saw it with my dad and the two moments I nearly jumped out of my seat over he was thinking "Ah ok" so yes do watch the other movies if you haven't before you see this one.

In the end Avengers: Endgame is in my opinion is one of my favourite movies of all time and the best Marvel movie to date and I doubt that will change. I know I didn't say much about the movie but I'm trying to be spoiler-free and the trailers show like nothing of the movie and that's what I based my can I talk about this or not kinda mind set. But I can't describe how satisfied I was. This truly was an end of an era and all I can say is I am so glad to be a part of it. To follow these characters and become connected to them and then to finally see the conclusion this masterpiece of a story was more than worth the wait.
