Back to the Future and its two following parts take the time travel genre from HG Wells social criticism to social satire and beyond. While chock-full of '80s cues (the dress, designer labels/celebrities and Pepsi Free-remember that. the film still manages to be eerily prescient. In 2015 you may buy a "Mr. Fusion" portable reactor that produces at least 1.2 gigawatts, but your flying car still runs on gas pumped at the Texaco station. What does that say about EV cars in the next few years? OK, there are no hover flat-panel TVs have all but erased tubes from memory, there's Major League baseball in Miami (or will be shortly) and the social decline of "traditional" white, middle-class suburbia is already widespread. And unlike those "other" depictions of the '50s, it wasn't all bobby-socks and sax; there was sex (and rape) too. The third episode is pure fun-the railroad sequence borrowing heavily from the Marx Bros-and I still get a hoot from the "beard band" playing Doubleback on the fiddle. A great romp through time.

This movie has had the single most impact on my life out of any movie to date. I deem this my all time favorite Movie. It's zanny, hilarious, action packed, and the single most gratifying movie ever made. The writing is clever and eternal. Who could forget such memorable quotes as, What are you looking at ButtHead. 1.21 Gigawatts. We're sending you back to the future" and "Great Scott. This is Michael J. Fox and Christopher Lloyd at thier best. Finally a Time Travel movie you didn't feel embarrassed about seeing. Unfortunatley all good things must come to an end but I'm still having trouble letting go of this series of movies. I just wish I could go back in time to 1985 so I could see it in the theater again.

It's almost flawless in design; Robert Zemekis and Bob Gale worked hard on the tight continuity in the Back To the Future trilogy. Making sure there weren't any goofs in the plot. They researched almost everything scientifically, except the correct pronunciation of gigawatt. This is a great family movie. And my favorite of all time.
