During WWII, Steve Rogers constantly tries to enlist himself into the Army with the intention of protecting mankind. After being denied in several cities, Rogers is finally enlisted through service for a special military division dubbed the Strategic Scientific Reserve. Proving his worth, Rogers is selected by kindly Dr Abraham Erskine to take part in his Super Soldier experiments.

Transformed, Rogers is super strong and fast and is dubbed as Captain America. After a brief career in propaganda and saving his best friend, Rogers begins to take the fight to the evil forces of the Nazi organization HYDRA and its dictatorial leader Red Skull, who seeks a source of dangerous power to help him destroy the world
