What a let down! This is a very boring, no-point movie with a few laughs but all around bad. Can you believe that someone actually gave this movie good reviews! I can't! The story-line is missing charm, the characters need acting lessons and the jokes are cheesy! Try again next time, Alicia, and maybe "Braceface" will make up for your mistakes in this movie.

In a March 2019 study that assessed “The Impact of movies of Streaming on Traditional DVD Movie Rentals” it was found that respondents did not buy DVD movies nearly as much, if ever, because streaming had taken over the market.

Is Emma Clueless? Or are they completely different)

Clueless is a modernized movie version of the book Emma by Jane Austen. The two stories share much of the same plot, and characters, yet manages to be a completely different story. I believe that a lot of this can be is represented by one small difference; the difference in titles. Unlike, the other film versions of the book, Clueless does not share a title with it. I believe titles to hold large importance over the general meaning of whatever they have labeled, and the difference in title makes it quite obvious that the two works have different meanings. A book entitled "Emma" is clearly about Emma, whereas a movie entitled Clueless is clearly more about the main character's cluelessness than the main character herself.

There are a few things that make this clear. The movie version is, first of all, in a more modern society, and most importantly, in a school environment. By being surrounded by professors, and other students, her cluelessness is much more exaggerated. The scenes where she is giving "lectures" to her peers really show this quite well, as most of the students laugh at her, the teacher clearly thinks she's an idiot, and that one rival girl looks like she wants to kill her. Her lack of driving ability, a skill that even the most average of people are expected to have, is clearly a nod towards her vapidness. Some characters, or at least their personalities, seem to be put in just to show how clueless she is. Her father, for instance, is an important lawyer; clearly quite competent and wildly different from Emma's father. His constant yelling for her to do better, even in his misguided way) makes it clear that she isn't doing all that well, academically. Even the gay friend that she originally had a crush on had dressed better than she did, a skill she had always been the best at in the past. Cher's character is clearly developed to be a girl who has almost nothing except her beauty and good heart; her influence comes from others'

love for her, and not from anything she's accomplished. Emma may not have been the most beautiful girl in the world, but at least she had some abilities in painting or on the piano, and her lack of knowledge was not nearly as apparent in a world where education wasn't standardized. Furthermore, Emma's weak and needy father make for many scenes that show off

Emma's independence and use as a daughter. A final issue that can be raised on this topic is the goal of both stories. Obviously the titles of a story reflect a lot on the goals of the author, and it is not different for these two mediums. Clueless, unlike Emma, seems to be about the main character getting over her cluelessness. She realizes at the end of the movie, when she falls in love with her step-brother Josh, that she doesn't want to be liked only for her beauty. She starts watching the news and participating (and even organizing) in charity work in an attempt to better herself as a person, and to show people – especially Josh – that she's not just "a ditz with a credit card." Emma was not so much about Emma getting over her cluelessness, but about Emma herself, and all of the events related to her that transpire. Jane Austen never makes it clear that Emma needed to make herself over, and start doing charity work or any kind of studying to be a better person.

Jane Austen did not make Emma a character who made mistakes because she was too dumb, she just made Emma a character who was too strong minded to see that she was making a mistake. Mr. Knightley's quote: Better to be without sense than to misapply it as you do, shows this pretty well. Emma is a book about Emma realizing her strong mindedness and changing out of her own will for fear of hurting further people. Mr. Knightley's marriage proposal happened to be a nice side effect, but nothing more. Clueless is a movie about Cher slowly coming to the realization that she has very little in the way of useful skills, and that if she were to ever impress Josh enough to like her, she had to wise up, or "get a clue." The two characters' motives were completely different, and therefore I think the stories were completely different.

While it is true that both stories had very similar plot points, uneventful structure, and settings, the main characters, themselves, were fundamentally different in a few ways, as this essay has shown, and therefore shows that that is really all that they had in common. Their titles, which are both very fitting to the respective book or movie, show that they were about completely different people, with different motives, and personalities. Though both main characters were kind hearted and good natured, Emma had some form of underlying morality that guided her later self-discovery, while Cher had nothing more than her selfish desires to feel better about herself and impress a boy. If Josh had been unintelligent but instead wildly interested in lawn mowing, Cher would have just as easily dedicated her "self-discovering moments" towards learning new things about lawn mowing. Emma would have become the Emma at the end of the book knowing Mr.

Knightley would not fall for her, and in fact did do just that.
