Clueless watch movie. As Christmas is here, a season of Good Cheer (as well as perhaps of good 'Cher. I thought I would treat myself to seeing CLUELESS again for the fourth or fifth time. It was just as hilarious as ever, and I am convinced that it 'will never die. The casting is so perfect, every moment is so perfectly judged, that it is a film essentially without flaw. Anyone seeing it now for the first time should really get the DVD known as the ' Whatever! edition' of 2005, because it contains interesting extra features and interviews. One of the most remarkable aspects of this film is its fantasy fashion parade. The star of the film, the amazing Alicia Silverstone, who plays the character Cher, wears 56 different knock-out designer costumes during the course of the film. There is an extra on the DVD called 'Fashion 101' which tells all about this. Anyone interested in design or fashion needs to see it. The film's emphasis on costume for all of its characters had a ripple effect and caused a heightened awareness of fashion amongst the girls of America in the midst of the boring 'grunge' phase of the nineties, helping to make girls pretty once again and re-introducing that one essential which can never be replaced: TRUE STYLE. After all, why should girls try to look ugly just in order to prove their equality with men? Men can't help being ugly, but girls really have to work at it, so why bother.) They should instead try to be as pretty as can be in order to demonstrate their superiority. And hence the importance in the story of the hilarious 'makeovers' and attempts by the girls to out-trump each other by acts of style. This is the most wonderful satire of spoilt affluent Beverly Hills kids and their absurd class stratifications based upon money and 'popularity' that vague will o' the wisp which can vanish as the mist when the sunrise of real life takes place. Alicia Silverstone's cheerful and innocent personality, trapped as she is in a fantasy Beverly Bubble without even knowing it, really makes the film. She is simply irresistible and a natural comedienne. Never has shallowness been deeper! The satire is very pointed throughout the film, but is always laid on with affectionate and gentle mirth. After all, these deluded kids are not bad people, they are just helpless victims of their own vanity, stupidity, vapidty, and parents. One of the most hilarious characters in the film is Silverstone's father (My daddy is a litigator, which is the most terrifying kind of lawyer. Anyone who has known how ferocious litigators can be must have a good giggle seeing one at home who is out-witted at every turn not by an opponent in court, but by a smiling and teasing daughter. The satire on the appalling American school system is also so hilarious. All the kids sit texting and paying no attention to the teachers at all. The film is even more relevant now than when it was released in pre-history, or should I say the Pleistocene Era, meaning 1995. The film is brilliantly written and directed by Amy Heckerling, who has recently written and directed a new feature film starring Alicia Silverstone called VAMPS (2012) which I have not seen. Previously she wrote and directed a feature called I COULD NEVER BE YOUR WOMAN (2007) featuring Michelle Pfeiffer and Paul Rudd and Stacey Dash, who are both so brilliant in CLUELESS. So as a result of CLUELESS, a great deal of bonding evidently took place and there is now a Heckerling Family. Wallace Shawn, who hilariously plays Mr. Hall in CLUELESS was already her intimate friend and has worked with her at various times. How can anyone who has seen CLUELESS ever forget the romance between Shawn and Twink Caplan as Miss Geist? Silverstone's match-making between those two hopeless and gawky individuals was inspired by Jane Austen's EMMA, apparently. But Amy Heckerling needs no inspiration, she IS inspiration. This film is such a classic that I wonder if there is anyone with a sense of humour and fun who has not seen it by now. Merry Christmas and also Happy Hannukah and every variety of Seasons's Greetings to all clueless people, and may Santa slip the DVD of this wonderful gem into your stocking, just in case you are one of the unlucky ones who has never seen it before, or perhaps have lost your old copy and need a quick replacement, so that your holiday will not be incomplete and you will not suffer from lack of hilarity.
