I almost didn't see this movie in the theater because of the bad reviews. I found it hard to believe it could be worse than the first two! But I saw it this Thursday at Sam Town Century Theaters and I ENJOYED it!

Perhaps it helped that my expectations were so low based on the reviews. and I am NOT saying it couldn't have been better. But as movies go it was an entertaining STORY.

TINY SPOILER ALERT!

What I wished they'd done is made the movie longer and spent more time on the character and relationship development between Reed and Ben. I liked the fact that Ben lacked onto Reed early and was with him up through high school. That was interesting but nothing of that was developed but it could have been through short vignettes of the boys growing up together. It would have been great. Ben beating up the bullies picking on Reed. Reed tutoring Ben in math and science. Ben helping Reed get his first date. Reed using technology to help Ben get revenge on his big brother. See! Stories.

THEN, when Reed goes off the college, Ben could give him the Swiss Army knife and thank him for helping him get into another college and that because of Reed he was going to be a pilot (which Ben was in the original comic. That way, when Reed calls Ben and tells him he wants him to go with him it wouldn't look like some kind of pity payback. We would know Ben was at least capable of being a pilot, etc.

The story hung on Reed and Ben's relationship and that should have been developed more. They had plenty of time to do it. As it was, when Ben turns into the Thing and Reed runs off, etc., it would have been much more powerful. and their reconciliation have been more touching

I could talk forever about the terrible storytelling in every sci-fi movie made since JJ Abrams began sh* ing our stories and raping television legends, but I wouldn't be able to stop. And this movie suffers from those same kinds of defects. But it was still an entertaining story.

See it, if you like to go to the movies. Wait for it to stream otherwise.
