HOW TO MAKE 2025 THE YEAR YOU SUCCEED AT STAGING, DESIGN & LIFE

Free work shop on making 2025 the year
of total productivity & fearless pursuit of
doing what you love!

3 WAYS TO GET THE MOST OUT OF THE LIVE WEBINAR AND WORKBOOK

People learn by watching, listening and doing, so this workbook is designed to help you absorb the material in a way that it sticks. This is the way I train in my **design certification courses** and I've found that people have so much more success when all of their senses are engaged, **so here's what you will want to do...**

STEP 1: PRINT THIS WORKBOOK

Print this workbook and use it during our online workshop to stay fully engaged and take notes on the actions you want to implement quickly. If you want to save ink, don't print page one since the title design is pretty fancy ;-)

STEP 2: ASK THE BURNING QUESTION

Think of **ONE QUESTION** you would like me to answer live while we are together. If I don't answer your question during my training, you can ask me during the Q&A session at the end (which is the **MOST** fun).

STEP 3: DECIDE ON ONE "TAKE AWAY"

To maximize your time on this free training, at the end of the session decide on just one **ACTION** you plan to complete in the next 48 hours. Taking action right away will give you instant momentum to start seeing **BIG** results this year!

READY TO GET STARTED?

Time to put yourself and your learning FIRST, so remove all your distractions (Fido may need to go outside:), silence your phone and give yourself an hour to get **CHARGED** up. I go very fast through over 100 slides, so keep your phone handy to take photos of the screen and ideally watch the work shop on a desktop for best results.
