Harry potter and the sorcerer's stone watch online full movies hollywood 2020. A tad long, but otherwise an enjoyable time. The young trainee wizards and witches were perfectly cast, and I loved the spunky Emma Watson as Herminone Granger... a real scene stealer. And how could one lose with a faculty that includes Alan Rickman and Maggie Smith? The late Richard Harris may be difficult to replace as the rhaps a promotion for the hulking Robbie Coltrane? I saw the film on HBO so I perhaps missed out on the special effects, which were effective even on a television screen. As I write this review the new episode of Harry Potter is breaking all-time opening records, so I guess I'll just go stand in line.
