

Star: Ellen Page
Dominic Cobb is an spy who instead of breaking into a person's home, office, or even computer, gets the information he needs by getting into the person's mind through their dreams. Cobb is also a fugitive who misses his children. Someone approaches Cobb and wants to hire him but instead of getting information out, the man wants Cobb to implant something, a process called "inception", which is not easy to do. Cobb is hesitant to do it, but when the man offers to help Cobb go back to his children, Cobb agrees. So he assembles his team but when they begin, there are things Cobb didn't tell his team that could jeopardize the job, and when they occur, they're not sure if they should continue Sci-Fi,
