Jojo rabbit google doc. I had to create an account just so I could tell ya'll how great this movie is. Seriously this is one of my favorite movies, I'm trying to get everyone I know to watch it. It had a perfect amount of comedy and drama. Don't listen to the critics, they have no idea what they're talking about. Please go support this movie, it's seriously fantastic. Great acting all around as well.

So much history, so much pain, still such an unimaginable horrific event but all credit to Watiti for handling this story with such grace and thoughtful insight. Funny, heartbreaking, witty, clever, insightful, intelligent, beautifully cast, brilliantly performed and incredible attention to detail.
