It is safe to say that this movie is not for everyone. DC fan or not, this is about the origin of one of the most notorious characters in entertainment. So far in previous movies we have only seen the clown prince of crime Joker. The criminal who went crazy and took things so far. But here the story is the origin of the mentally sick Joker, the simple man who had a rough life and started to act on his own will instead of acting according to what people expect. This movie is dark and grim, it is a dramatic tale and an excellent performance by Joaquin Phoenix and everyone in the cast. They made it look so real and relatable to our life that the idea of a real life joker is not far fetched any more.

I hope that DC continues in this direction and give us a new approach to the stories we love.
