Watch knives out free online reddit. Even though the movie takes place into this house for the most of its duration, it wont make you feel tired or bored. Not even for a single second. The plot is so smart and funny and the acting is so marvelous that will keep your eye and thought fully sharpened. Of course the finale is not easily predictable, but is completely relatable with the story and the familiar personas. No random side roles to answer the "whoddunit" question.

Totally recommended whether you're a mystery lover or not.

As a fan of Agatha Christis novels as well as TV shows from the 90s such as Columbo, I can say I was pretty surprised by how good this movie was. I cannot remember seeing anything close to the Whodunnit stories I have read/seen back in the day. But Knives Out takes the cake, today. Along with a fun performance by a remarkable cast of A listers, Rian Johnson delivered a coherent and entertaining story for the genre, even taking it one step further - without getting into any spoilers.

I judge a whodunnit movie on my capability to guess who the murderer is. The easiest it is to guess, the weakest the story. In that case, I was blown away by how the truth unfolded in such a surprising yet organic way. It just worked.

I would recommend this movie for anyone really. It is fun, enjoyable and interesting. In a way it uses its characters to reflect various human flaws such as greed and pride, and uses the non linear narration to construct a consistent and convincing product.

Big Up.
