Knives Out Full Movie watch online. Knives out full movie watch online hd. Above average film whereby I enjoyed the fact that a film like this gets released in the first place. So your settling down in trepidation of what's to come and to work out all the computations of whodunnit, but unfortunately I was so disappointed as it could have been so much better. Sorry Daniel Craig fans but that accent was terrible. If that accent was so important to the character then I'm sure there are loads of actors out there that could have done a better job than Craig. The rest of cast were OK but nothing special. I've seen better whodunnits with just as good but less known actors with better plots on TV. It wasn't a waste of money that some reviews suggest. Was the plot obvious? well it wasn't to me but the so called "twist" wasn't anything special or a "took my breath away in amazement moment " I'm still glad I went to see it as it was entertaining for me and I go to the movies to be entertained.
