Exhibit G – Prior Counsel Disclosure Sheet

This disclosure is provided for transparency and continuity in counsel transition regarding Anderson v. Boston Scientific (BSX) & Aaron Clark

Client: Narin Anderson
Matter: *Anderson v. Boston Scientific Corporation (NYSE: BSX) & Aaron Clark*
Engagement Type: Pre-Litigation Representation

Summary of Prior Representation

I previously retained **Schaefer Halleen, LLC** (Minneapolis, MN) under a **pre-litigation retainer agreement** to assist in drafting and delivering a *Notice of Representation* to Boston Scientific.

After approximately ***sixty-eight (68)*** days of engagement, it became evident that the firm's tactical approach differed materially from my established pre-litigation strategy. Their method was primarily procedural, while mine centered on evidence-based leverage and timing aimed at a swift, dignified resolution.

On **October 29, 2025**, Schaefer Halleen elected to withdraw from representation. I promptly acknowledged their withdrawal in writing, confirmed the confidentiality of all shared materials, and requested an itemized billing statement for closure.

No external communications, filings, or public actions were taken on my behalf. The disengagement stemmed solely from **strategic misalignment**, not from any factual, ethical, or financial dispute.
