Theatrical Cloud Maleficent: Mistress Of evil 4. The first film must have done good business to justify a sequel but I suspect there may not be another one. The effects are fine but the script is a mess. The photography is very dark at times and the surprising enjoyment we had from the first film has become very ho hum here.

The performances all do their jobs too (oddly enough I saw Robert Lindsay, who plays the King in this film, on stage at Richmond theatre in a play about Jack Cardiff the day before I saw this) so whilst the film ticks boxes and is technically competent, I'm afraid I suspect it will not go down as a classic but as another average Disney live action film.

Watchable if you want to take the kids to see something during the school holiday but not very memorable.
