

# MEERKATS GANG

whitepaper

# ABSTRACT

They look so cute and harmless, don't they? Well, don't be fooled!

They are survivors! Nicknamed "sentinels of the desert", meerkats work in gangsta mode!

I give you an advice, avoid venturing outside your territory!

Don't be fooled by their cute appearance, they are considered one of the most aggressive species on our planet!

It's no wonder that when the human species gradually became extinct, Meerkats decided to take power !

Rapper gangs, Irish gangs, zombies, cyborgs ... all fight to defend and increase their territory ...

It's up to you to choose your meerkat, your gang and become an OG.
