5. Faced with life's cruel irony, the unpredictable stories of a well-dressed pair of low-level hitmen; a gangster's statuesque moll, and a double-crossing prizefighter become inextricably intertwined, as the small-time crooks, Honey Bunny and Pumpkin, summon up the courage to hold up their favourite L.A. diner. Entrusted with retrieving a glow-emitting leather suitcase which belongs to their boss--the powerful crime kingpin, Marsellus--instead, the dark-suited gunmen, Vincent Vega and Jules Winnfield, end up with a bloody mess. Fortunately--with men like Mr Wolf always around to handle a crisis--there's time to cool off in a long twist contest, while at the same time, the proud champion boxer, Butch, makes the decision of a lifetime. Soon, things will come full circle, as, once more, Jules and Vincent find themselves in the perfect dead-end situation, exactly where it all began: an all-too-familiar cafeteria. Is truth stranger than fiction?

Pulp Fiction is a 1994 American neo-noir crime black comedy film written and directed by Quentin Tarantino, from a story by Tarantino and Roger Avary. Tarantino's second feature film, it is iconic for its eclectic dialogue, ironic mix of humor and violence, nonlinear storyline, and a host of cinematic allusions and pop culture references. The film was nominated for seven Oscars, including Best Picture; Tarantino and Avary won for Best Original Screenplay. It was also awarded the Palme d'Or at the 1994 Cannes Film Festival. A major critical and commercial success, it revitalized the career of its leading man, John Travolta, who received an Academy Award nomination, as did co-stars Samuel L. Jackson and Uma Thurman.

Directed in a highly stylized manner, Pulp Fiction connects the intersecting story lines of Los Angeles mobsters, fringe players, small-time criminals, and a mysterious briefcase.

If you love films like Transformers, Harry Potter, LOTR, or movies that follow the typical Hollywood format with a simple plot, tons of CGI, and a moral lesson that leaves you with a nice warm and fuzzy feeling at the end, stay away from Pulp Fiction.

But if you're an open minded individual who wouldn't mind seeing every rule in Hollywood broken, you will definitely enjoy the masterpiece that is Pulp Fiction.

The acting, dialogue, camera angles, and overall unique directing style is brilliant. And after watching Pulp in DTS surround I have a new appreciation for it. Sure it's violent, tons of foul language... but so what, this movie is about the lives of evil people. No plot is necessary and nobody wins, it's a completely unique and classic film that deserves it's high rating. So set your Christian morals aside and have fun with this movie.
