Many things i love in this movie, the build of character shirley and how the society see her the relation between shirley and rose and the evolution in this relation.

also love the long scenes and focus on characters face appear the changing in their feelings. Elisabeth moss 's performance is noticeable and inspiring the reincarnation of the personality and the excitement with the situations, I am pleased with all that she is doing, day after day, with increased experience and competence. But the thing I blame for the movie is the poor dialogue and its use of the narrator's way in the story many times, Also the weak performance of some of the actors.

At first, I was bored. It seemed pretty straightforward. Wrong! And at the end I'm left wondering, was this all just an imagining for her character for the book?

Anyway, The Moss delivers again. She is one of the best actresses of our times. Truly. Worth watching just for her portrayal alone. Shirley watch full length youtube.
