minutes. **Brief:** Gotham's new District Attorney has been elected. His name is Harvey Dent, and he has a radical new agenda that threatens to take down Gotham's organized crime underworld once and for all with an iron fist. But the emergence of the rogue vigilante known as Batman has caused problems for Dent and his agenda. A new criminal mastermind known only as "The Joker" has arrived and aims to take Gotham out from under Harvey Dent's iron fist. The Joker stages a masterfully planned bank robbery and robs the Gotham mob blind. He uses this money to stage a series of horrific and strategic attacks against the city and its people, each one carefully planned and aimed at Dent and Batman, while causing the rest of the city to enter panic mode. Meanwhile, Batman thinks he might have found a lead to The Joker thanks to Wayne Enterprises' dealings with a shady Chinese banker, and that takes Batman and Alfred to Hong Kong. The Joker has no rules, but Batman has only one, and the Joker aims to make Batman break his only rule. But who will be the one to take him out, will it be rogue vigilante Batman, or will it be elected official Harvey Dent, the new hero with a face?.

Actually I never really liked superhero films but this one I watched because this movie was directed by Christopher Nolan -the genius, the acting was extremely good by all the characters and specially sir heath ledger, he just nailed it, storywise it is average and this how it should be, because this movies is more about how nature differs from person to person, the way of thinking of every person brilliant and meaningful dialogue made this movie awesome at last I will say you should watch this movie even if you are not a superhero fan.

Christopher Nolan. br> A big, loud and surprisingly thoughtful the best film of the year? I know a Batman film is truly the year's best. It is more than a financial success, it is a reconstruction of a tired genre featuring an already iconic performance from a dearly departed actor. This film deserves praise for elevating the superhero picture to a realm of academic dissection and moral and thematic discussion. Seeing The Dark Knight on opening day was an experience to remember. Like Star Wars and Jaws before it, The Dark Knight is the dizzying combination of entertainment and pure craft. The one film 2008 will (and should) be remembered for.
