I'm not a great fan of the Batman franchise, and the runtime of this movie is a little too long in my opinion. With that said; everyone should watch this because of Heath. Oscar well deserved.

Is it because of psycho maniac? or Is it because of good script/direction/execution etc? I guess not to the fullest. All these things comes with a proper yes plan is something which makes things routine and more importantly push things towards getting ordinary. The movie however is not about any super hero or a super villain, nor is interested in showcasing some heroics. Its more about showcasing what humans do and how humans though its more about taking those things to an extreme but there is nothing "SUPER" in this movie and thats what brings it to the top spot. It deserves to be there where it is.

The emergence of streaming media has caused the fall of many DVD rental companies such as Blockbuster. In July 2019, an article from the New York Times published an article about Netflix DVD, No Manches Frida 2s. It was stated that Netflix was continuing their DVD No. No Frida 2s with 5.3 million customers, which was a significant decrease from the previous year. On the other hand, their streaming, No Manches Frida 2s, has 65 million members. In a March 2019 study that assessed “The Impact of movies of Streaming on Traditional DVD Movie Rentals” it was found that respondents did not buy DVD movies nearly as much, if ever, because streaming had taken over the market.

Watch The Dark Knight, viewers don't consider the quality of movies to differ significantly between DVDs and online streaming. Problems that according to respondents need to be improved by streaming movies including fast forwarding or rewinding functions, and search functions.
