The last airbender 2010 movie download in french quarter. So I went and saw the midnight showing of The Last Airbender. Having been a long time (and sometimes obsessive) fan of the series, I can say that I was very much looking forward to the film. That was until I read all the negative reviews. The reviews made the movie seem like the worst movie to have ever been made so naturally, I went in thinking to myself, Oh man, what did M. Night do to my favorite show? And I am happy to announce that the show was not completely butchered! The film was not terrible and I really enjoyed myself.

Positives. Actors: The actors did not not do a terrible job. They seemed to fit the parts well. Noah Ringer IS Aang. He fit the part perfectly. And Dev Patel did an amazing job as Zuko.

-Sets: The sets were absolutely breathtaking. The views were spectacular- Mike and Bryan's world was brought to life in a way that I couldn't have possibly imagined. -Soundtrack: Completely amazing. Even if you don't care for the film, you will love the

soundtrack.

- -Bending/Special effects: The effect of bending was done incredibly well. It doesn't look cheesy or fake. All the special effects were done so well- I was very impressed.
 - -Diversity: Just throwing this out there- there IS diversity in this film. I was actually quite surprised at how diverse M. Night made the world.

Weak Points -Script: At times I found that the script was just a touch too. dull? M. Night did too much explaining in the script and there was a little too much unneeded dialog. Sometimes the lines didn't give the actors much to work with so for those that say the actors didn't do a good job, it wasn't them- it was what they had to work with.

-Pacing: Some parts of the movie, especially the very beginning, felt a little rushed. They could have made the film longer to expand some scenes more- like when Aang first came to the Southern Water Tribe.

-Character Development: This goes along with time and script kind of. The filmmakers could have used another hour of time not only to expand scenes, but to at least allow us to get to know the characters more and start to develop them into the characters that fans came to know and love. They seemed unchanged since they started off on their journey.

All in all, this movie isn't bad. I really enjoyed it and would recommend it to others.

And I will probably go see it again. If you're on the fence about the film because of the negative reviews, just go in with an open mind and decide for yourself. You may be pleasantly surprised like I was.
