The meg 2018 movie online full hd free games. The Meg 2018 Movie Online Full HD. The Meg is about a group of people that have found a Meglodon and try to stop it before it gets to the shores.

The Meg was a fun horror movie. I really don't even know if I will call it that. It was kind of scary but not super scary. I thought the acting was pretty well done. All the actors portrayed there roll pretty well. The scenes when it was just the fin in the water was not that well done. That is why I think Jaws looked better than this movie. The also recycled scenes from Jaws to use in this film. You also didn't see the shark for a long time. That was pretty cool.

The Meg was done good. I may watch it again. It is not one of my favorite movies.
