reviews - A psychopath known as "Buffalo Bill" (Ted Levine) is kidnapping and murdering young women across the Midwest. Believing it takes one to know one, the F.B.I. sends trainee Clarice Starling (Jodie Foster) to interview a demented prisoner who may provide psychological insight and clues to the killer's actions. The prisoner is psychiatrist Dr. Hannibal Lecter (Sir Anthony Hopkins), a brilliant, murderous cannibal who will only help Starling if she feeds his morbid curiosity with details of her own complicated life. This twisted relationship forces Starling to not only confront her psychological demons, but leads her face to face with a demented, heinous killer; an incarnation of evil so powerful, that she may not have the courage, or strength, to stop
