Ever since watching the Safdie brother's previous feature, Good Time, I was eagerly awaiting their next feature. Good Time showed that they are masters of tension and momentum, with their impressive culmination of unique characters, editing, dialogue and of course musical scores, and Uncut Gems further cements that they are not only masters of tension, but they are truly two of the most exciting

rising filmmakers right now.

I usually know how to structure a review, but *Uncut Gems* is so unconventional in nearly every regard, and frankly I'm not quite sure where to start. It doesn't let up, ever. Pretty much from the first minute to the end you are shot into a relentless world of chaos among various reoccurring characters, all gravitating around Adam Sandler's "Howie. That leads me to Adam Sandler's performance and character. I LOVED it. Oh boy, is he good. He's not only fantastic at delivering dialogue for extremely long and exhausting takes, but just seeing his characters psyche continuously digging himself deeper is electric.

I'll leave off with saying *Uncut Gems* is one of the most exhilarating and unique films that I've seen this year. Adam Sandler (and the entire cast) kill it, the musical score is loud and exciting, it looks beautiful, and it has an energy that I haven't seen in any other film this year.

I really can't wait to see what the Safdie's come up with next.

Uncut gems trailer reaction. Uncut gemstones. Uncut gems scene. Uncut gems a24. Uncut gems ending reaction. Headline is very accurate. The movie was loud from start to end, had no direction, character build and had bad acting. People that rate this movie higher than a six are over thinking what they saw.

The couple next to my wife and I at the theatre left and we were thinking the same. We gutted it out and stayed for no other reason than to see how this dumb, pointless movie would end. The ending was a surprise and that clearly is the only reason this movie is rated so high.

The beginning, middle and most of the end was terrible. The last 5 minutes was akin to the "Sixth Sense. Other than the shocking end, it was horrible. *Uncut gems soundtrack the weeknd. Uncut gems.*

The emergence of streaming media has caused the fall of many DVD rental companies such as Blockbuster. In July 2019, an article from the New York Times published an article about Netflix DVD, No Manches Frida 2s. It was stated that Netflix was continuing their DVD No. No Frida 2s with 5.3 million customers, which was a significant decrease from the previous year. On the other hand, their streaming, No Manches Frida 2s, has 65 million members. In a March 2019 study that assessed "The Impact of movies of Streaming on Traditional DVD Movie Rentals" it was found that respondents did not buy DVD movies nearly as much, if ever, because streaming had taken over the market.

Problems that according to respondents need to be improved by streaming movies including fast forwarding or rewinding functions, and search functions. This article highlights that streaming quality movies as an industry will only increase in time, because advertising revenues continue to soar on an annual basis across industries, providing incentives for the production of quality content.
