This film is the worst I have ever seen - I had to destroy the DVD after watching the film and that is a first (i might add that horrible movies like First knight, Troy and Titanic have survived my meat-chopper. The movie started OK, but soon it turned into a political-correct travesty. The central morale of the movie is that it's OK to use terror if it has a purpose or an idea behind it (the justification of Nazism, communism and Islam. and once again under the banner we hate the West i.e. America. But what the director forgot was that this argument could be used to defend the regime V is fighting.

Please stop making movies that presuppose that the audience is unintelligent - it is offending.
