

Abstract « NFTs from an Exclusive Club »

Lazy Superheroes 'LSH' are not only cool NFTs you could trade. It's much more than that. Lazy Superheroes is a NFT Club on Hedera Hashgraph.

Holding a Lazy Superhero NFT is like holding a VIP Member card of an exclusive Club.

An exclusive club we are willing to develop much further.

Lazy Superheroes is a NFT Collection on Hedera Token Service

Lazy Superheroes is a colorful collection of NFTs, unique and styled, with story backgrounds and characteristics.

Lazy Superheroes is a Club

Why holding a LSH NFT? Because LSH is also a Club. By holding, you will benefit from exclusive advantages.

Each generation will have access to exclusive rewards. Gen1 NFTs are the most exclusive seats.

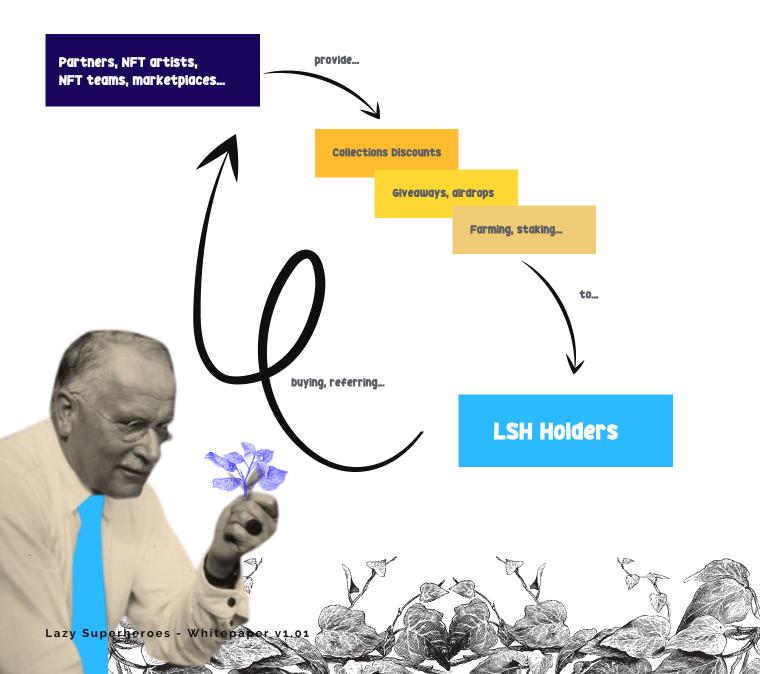

Why this project? « A NFT therapy »

NFTs on the Hedera Hashgraph network are just starting. With this club, we want to build the first community of players and buyers of NFTs in the network.

We want to encourage our members to actively interact with the NFT ecosystem on Hedera while rewarding them generously.

A LSH holder is an ambassador.

This is why we are concluding partnerships with different teams and collections, in order to offer them visibility with members of a club made to last.

With farms, our holders will be able to connect and then lock their LSH and receive an NFT in exchange**. With private shop, LSH holders will be able to buy NFTs from LSH community and LSH team.

*List of discounts is not exhaustive, it will be given on a dedicated Discord channel as well as with the means to claim them **Some conditions may apply to certain NFT farms. Eg: sometimes, you will just have to lock your LSH, some other times you will have to lock your LSH and another NFT to enter a Farm.

<u>Mockup</u>

Benefits for Gen 1 only - part 1

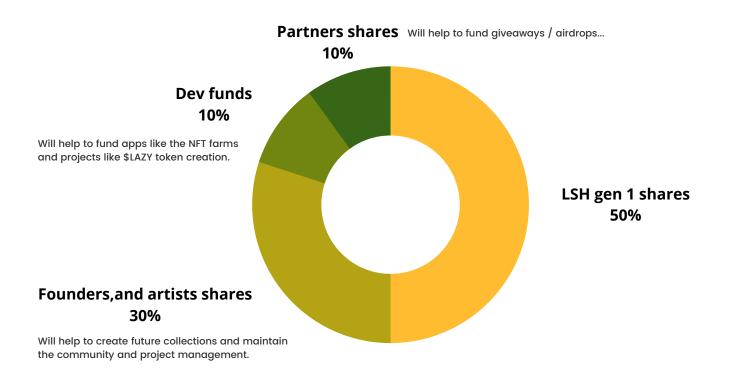

Our Gen 1 LSH holders will receive free NFTs.

Our LSH holders will occasionally receive free NFTs. Unlike Giveaways, each holder is sure to receive 1 NFT during these airdrops.

Our Gen 1 LSH holders will receive shares on next gens sales.

0.5% of the sales per LSH held. Eg, if you hold 2 LSH gen 1 NFTs, you will receive 1% of the sales.

<u>NB</u>

We didn't yet organized/decided the payout schedule/process. It will be decided by LSH holders during a vote/discussion.

We want to pay the sales shares in HBAR. But the feasibility can obviously depends on regulators.

Benefits for Gen 1 only - part 2 Roadmap

Vote rights and private group

Gen 1 LSH holders will have access to the most confidential discussions of the group in private groups on Discord server of LSH.

Moderators will be recruited among the Holders of gen 1 as a priority.

Only founders can put votes on the agenda. Votes will take place online, remotely, via Discord or a dedicated application for this purpose, within a period not exceeding 15 days and not being less than 12 hours.

A quorum of 50% of voting Gen 1 holders will be necessary to validate a community decision.

If this quorum is not reached, the founders will be able to apply the decisions which they deem the fairest.

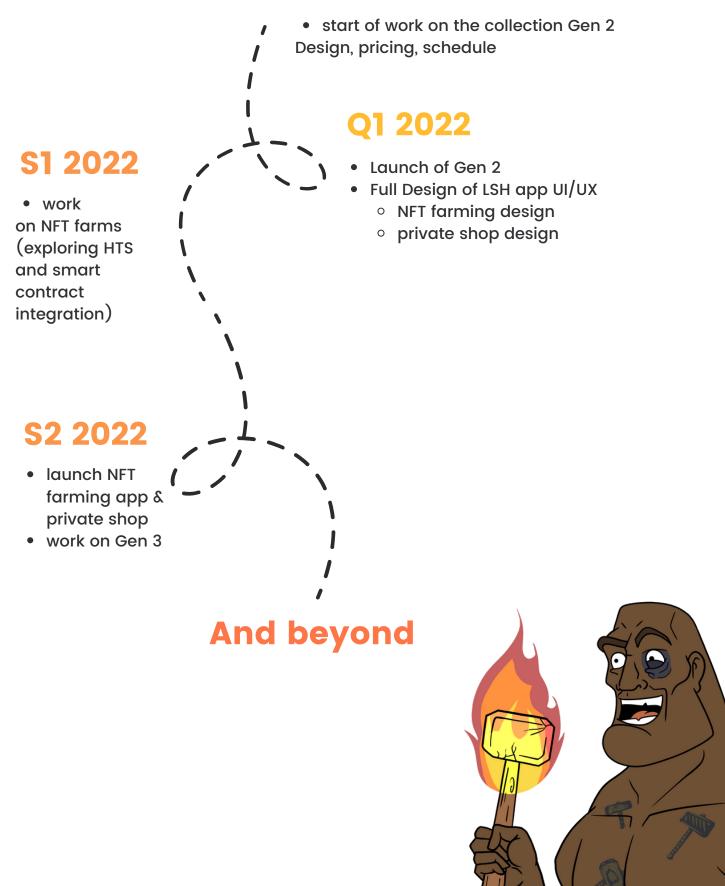

Exception is for the following cases:
